- ☛ **Project Account:** Is in the red and we need members help in the up coming events. 20 October venue: Centennial Park Rotary Annual Fun Run & Family Fair Day BBQ, Fun Run, Skate Race, a great number of stalls, which we need workers to make this day a successful one like last year. John Clarke and Keith Goodwin have done alot of work already. The second big one is the Chainsaw Classic on 23 November 1996.
- ☛ **Sam** was going to be on the road for several weeks so he had his mail forwarded to a client in the territory. When he arrived his client gave him a special delivery letter. He read it quickly and nearly passed out. "What's the trouble?" asked his client. "You look ill." "It's my wife - she's just had triplets which we never expected. And take a look at the hospital bill!". "Congratulations! Now you know how it feels to be charged for more stock than you ordered."
- ☛ **The Rotary Emblem:** The Rotary emblem we wear remains a powerful symbol of our organisation. We do not need to re-invent the wheel of service. Our duty is to keep that wheel turning. Rotary is like a bank account, you cannot continue to draw on it without making a deposit. It is easy to sit back and grow old, it is easy to be comfortable with what we have, it is easy to ignore young men and women. Adaptation to the changing needs and pressures of society and the World community is one of Rotary's greatest strengths.
- ☛ **Guest Speaker:** Gitta Seidel was very good and interesting. Tripping around Australia on horse back for a woman is great - alot of men would not do it. It may have went a little long.
