Bob tells us an interesting tale or two. Des made sure we read a copy of the Bulletin. Mark the Lancia contact on Gold Coast. Wolfgang for enlightening us on his unique air conditioning. Everyone, except Mark, for being so nicely dressed, you really shouldn't have dressed up just for our visit. We would welcome a visit from you anytime. Kindest regards, all the very best, Craig & Anne Robertson, Southport, North Gold Coast District 9640. PO Box 995, Southport QLD

☉ Did you hear about **Darrell**? Darrell had the bad luck to get a flat tyre on a fairly steep hill right outside the grounds of a mental hospital. He unscrewed the nuts on the wheel and jacked up the side of the car. As he did so he became aware that one of the patients was leaning on the fence watching him with great interest. He took off the wheel and replaced it with the spare, only to discover that the five nuts had rolled down the steep gutter, and fallen into a drain. There was no way that he could get them out. While he was grappling with this problem a voice behind him said "why don't you just take one nut off each of the other three wheels, and use those?" Darrell was impressed and said "That's pretty smart, how come you're in there?" "I may be mad, but I'm not bloody stupid!"
