Guest Speaker . . .

Dave addresses the Meeting

The guest speakers were Rotarian Dave Holgate & his son Richard who spoke on their combined project to build a Seapey plane. Apparently the idea of building a plane was fostered in Richard when he received a toy aircraft kit gift at the age of 10 years, Whilst in USA he learnt to fly a plane, but having an interest in water sports decided

Dave L Introduces the Speaker

he wanted to fly a float plane, so he did. He returned to Australia and took a flight over Sydney, including the Harbour Bridge and Opera House in a Seapey float plane, liked it and said “I’ll take one” but you cant buy one ready to fly, you have to buy a kit, construct it yourself and then fly it. His father being a builder, he

convinced him to join in and they ordered the kit, which arrived on 2.7.03. The supplier said "if you can put a nut & bolt together, you can do it". Dave then gave us an insight into the construction and putting together of the kit. He said that there were mostly only 2 sized bolts for the whole construction, and as the bolts nuts and parts were very well cut they fitted well. He showed us over views of the wings construction, the

fabric cover which was glued with Pollytack and then sealed with a domestic iron at three different temperature settings. The plane was painted by Dave Libauer and the electrical fitting by Allison's son Grant Douglas who came home for a holiday at the right time. The plane was loaded onto a truck, taken to Polo Flat airfield where the wings were fitted and the first flight was on 15.3.06, nearly 3 years after its arrival. It has a weight of 409.5kgs, and takes a maximum weight of 620 kgs. holds 16 litres of premium unleaded fuel, can land on

water or land, but you need both a pilot's and a boat licence for this, they also shared with us some overviews of the construction, take off and flights of this plane. a great effort when you think that of all these kits distributed only about 20% are completed and fly. But a great joint project for father and son.

David Byrne thanks the guest speakers

DISTRICT CONFERENCE

The District Conference

27th, 28th and 29th October at Batemans Bay.

This promises to be one of the best in many years. Check the website for full details. Great entertainment and some very special speakers will make the weekend most enjoyable.

Dr Greg Melliush and Nick Ewbank are guest speakers. Their addresses will be followed by a panel discussion moderated by our RI President's Personal Representative, PDG Ross Smith. A full programme is arranged and there will be plenty to do and talk about after the event. Check the website and register for this great weekend . . NOW!. Partners have the opportunity for a cruise on Saturday afternoon. Approx cost of the cruise is \$20. A full programme is available on the web site
