Guest Speaker David Innes

Guest Speaker was David Innes, a teacher from Monaro High School, who was one of the team leaders that escorted 16 school children from Cooma for a visit to their sister City Yamaga, Japan. David was introduced by Rotarian Katrin Hackney a fellow team leader on this trip who assisted in the presentation. Yamaga is about 2 hours north of Nagasaki but the temperature was about 36 degrees and very humid, a bit different from Cooma in winter and even summer. None of the team spoke Japanese but they had a translator with them. They showed overviews of the sister city, places and events visited, including the Lantern Festival which has about 1000 girls dancing on the stage, these people are very proud of their heritage. However they had a change in food style, and ate raw horse flesh and then tried raw horse liver, which was not to their liking. It was a different culture to what Aussies are used to. School is from 8am to 7pm, although 4pm to 7pm is usually sports orientated. It is a cash society

Email from PHD in PNG @4pm 14 sep

There is a national holiday here this arvo and also on Monday, so our tank is still stuck on the docks. I've secured free storage until my return from Mt Victoria (about 10 days time), and will personally deliver it to site and set out the excavation as planned. Today I managed to get a completely free trip through PNG Internal Revenue with no taxes whatsoever, so very happy about that. Am now chasing a donation from ANL at this end to reduce PNG port handling costs. Interviewed ANL's PNG manager this am re this. I'm off exploring to Mt Victoria at 7.00 am tomorrow with Jonathan, Nelson etc, via Madilogo, so will get photos of our water scheme whilst there.

John Clarke says thanks

EFTPOS and Credit Card are practically unavailable in these towns. David said everyone thoroughly enjoyed the exchange visit the students were well behaved and great ambassadors for Australia.

This is a bi-annual Student exchange between the sister cities. The sister city relationship is the result of contact many years ago by ham radio operator Neville Anderson, who is now deceased, who made contact with radio operators in Yamaga.
