Weekly Bulletin

Goodbyes all around

Goodbye Nattapan

Hooroo Peter

uest speaker was Rotarian Peter Davis who gave us a report on walking the Kokoda Track over which he has led teams on fourteen occasions. Peter opened his talk with the lights out and a **cooee** to emulate what it is like to be woken in a tent at 5.30am to start a trek on this trail which is about 96.5 km and very steep and hilly with mountains as high as Mount Kosciuszko. Each group has about thirty trekkers and eighty to ninety local porters. It is essential that you train to improve your physical strength before taking this on, but he said the major feature is about 90% mental strength. You sleep in uncomfortable tents, get wet from torrential rain, sweat profusely from the heat and the trail is often muddy and difficult to traverse. Trekkers get to share the history of this famous trail, see and hear the wildlife (including the noisy machine-gun bird) and put up with Peter's bad jokes. As a team leader Peter has to motivate the team, which consists of both male and female trekkers, and traverse backwards and forwards along the expedition. In fourteen treks he has taken 364 people and only one has had to be evacuated. He gave us examples of some of the challenges of getting caught in the tail end of a cyclone, crossing flooded rivers with no ropes, a woman's panic attack,

Goodbye Peter cont.

motivating a crying army Lieutenant to keep going and coming down with Malaria on the trek. Finally he said his real pleasure comes from being in a position to change trekkers' lives by letting them learn what the "Spirit of Kokoda" really is and getting to know people in a way very few people do these days, through shared adversity. Peter's adventures into PNG have done a lot to enhance Rotary, our club and our town. He will be really missed, but no doubt will be welcomed in Orange. Another achievement you might not be aware of, about two years ago Peter was successful in obtaining a grant of \$5,000.00 to send three local teenagers on an Outward Bound experience.
