Matthew and I and our family would like to sincerely thank the group of Rotarian men who Saturday after Saturday arrived at our house and went to work to build, what we have named “The Rotary Ramp”. Through the heat and the rain they sawed, screwed, nailed and hammered their day away all in order to create our ramp. Despite wanting to construct the landing in concrete they agreed to my wishes and produced a beautiful timber landing, ramp and deck which lead from the front gate all the way to our front door. On Saturday 13 December we officially opened the ramp with the ceremonial cutting of the ribbon (by Matthew). Mark Cooper and Pete Tuckerman witnessed the opening along with all of our family.

A special mention needs to go to Mark Cooper who orchestrated the whole event and without him this would never have happened. And another special thanks needs to go to Fiona Cooper and Fiona Tuckerman who fed and watered the workers. We truly have wonderful friends and a supportive community without whom we would not manage this journey that we are on. So thanks again to all of you - you know who you are.
