April dates:

Birthdays – John Chapman 6th, Des Trute 15th, Geoff Bowland 17th

Anniversary – Dave and Trish Libauer 20th

NOTICES:

John K: The catering at the Brickfest at SMCS resulted in a cheque for \$402 being presented to the school, with about \$600 worth of meat in our freezer. Thanks to all who helped on the day.

Fairytale Park (Geoff): The site is being reviewed to determine what is needed for the refurbishment. Figurines will be made in China.

THOUGHTS OF THE WEEK (David H)

It's better to remain silent and be thought a fool than to speak and remove all doubt.

Good luck happens when preparation meets opportunity.

THREE MINUTER (Danielle)

Her story: Born in Muswellbrook, Danielle grew up in Jindabyne after the family moved so her father could work in Snowy power stations. Her education was at Jindabyne Public School, St Pat's, and Monaro High. She did a three year Applied Science degree in Canberra, then massage therapy at CIT for a year. After an injury which prevented her working as a masseuse, she started working in a Cooma bank, going from being a teller to being a mortgage professional. Her next step was to go back to tertiary education, completing a Dip.Ed. and she is now teaching Science at St Pat's.

Neil B was presented with an award recognising his contribution to the club in sponsoring and encouraging new members.

MEETING STATISTICS:

Attendance: 65.1%

Guests: Sarah Young, Joy Zeng, Ava Carter, Morgan See, Aidan Watters, Jovana Stojkov, Lola Radnoti

Apologies: David B, Brad, Kevin, Katrin, Hass, Mark JN, Mark L, Elaine M, Allan S

NEXT MEETING: Club Assembly

The inter-club trophy (Cooma vs Tuggeranong), won by Cooma last week was on display. (The lamp on the president's table)

*****Board training 18/19 April in Tumut. This is OPEN TO ALL MEMBERS. Google 'Rotary District 9710' and then click on 'District Training Assembly'.*****

GUEST SPEAKERS: ANU med students

All of the students have a previous degree: Sarah's background is psychology; Morgan's is biology; Ava's is dentistry and she has practised as a dentist; Joy's background is biology and chemistry; Jovana's is biochemistry and molecular biology; Aidan's is engineering and he has worked as an aerospace engineer. Most of the students have some knowledge of country towns but it is new for Jovana, she and Aidan growing up in Sydney.

They spoke about the expense of the study, mentioning HECS, their parents, and having a job while at uni.

All the students were grateful for their time in Cooma, for the hospitality, for Lola and her mentoring and for the learning experiences that Dr Rob Wiles provides.
